

▶ Polycom® HDX Packaged Solutions

Flexible designs for advanced video conferencing

The Polycom HDX Executive Collection Floor System and Polycom HDX Media Centers deliver high quality conferencing experiences uniquely configurable to a variety of environments and requirements. As video collaboration and conferencing expand beyond the conference room, HDX Packaged Solutions provide turnkey flexibility and power to deliver enriched, high definition meeting experiences whenever, wherever requirements demand.

Polycom HDX Executive Collection Floor System

The Polycom HDX Executive Collection floor system is an advanced solution for large conference rooms that delivers industry-leading performance and quality. Composed of a freestanding video conferencing unit with a Polycom HDX 7000/8000/9000™ codec, the HDX Executive Collection floor system's premium 1080p plasma screens perfectly showcase high definition video, while an intelligently dynamic 360-degree microphone array provides finely-tuned audio. Additionally, when paired with Polycom's HDX People+Content™ collaboration technology, the HDX Executive Collection floor system allows you to easily share content from your desktop or the Internet with other conference participants.

Polycom HDX Media Center

The Polycom HDX Media Center is a high performance video conferencing solution that includes a Polycom HDX 7000™ or Polycom HDX 8000™ series codec and single or dual 50" plasma HD monitor in a free-standing pedestal or integrated wall-mount form factors. Sold with either ceiling or tabletop microphone arrays which ensure high quality audio experience. The optional Polycom caster kits allows the HDX Media Center to be moved to meet changing requirements.
